# Safety Helmet ATRA 10V with Fixed Headband, Protekt

**Product information**

The ATRA 10V helmet has been designed to protect the user's head against falling objects.

It is characterized by high strength, low weight and a wide adjustment range.
In the helmet shell made of ABS, there are 10 ventilation holes ensuring users' comfort even on hot days.
ATRA 10V is equipped with universal 30mm sockets that allow the installation of additional equipment such as earmuffs or face protectors. The helmet is resistant to lateral deformation (LD)

It exceeds the requirements of the EN 397 standard:

Each helmet includes:

- Helmet shell
- Chin strap (attached to the helmet shell in 4 points)
- Support tapes (attached to the helmet shell in 6 points)
- Main harness headband with a convenient adjustment mechanism carried out with a knob
- Removable, velour sweatband.
