Overhead crane Blackline

Product information

General: Overhead cranes Blackline, together with NOVA Blackline, combine power with maximum economic efficiency. Many approved and well-matched components engage each other perfectly and offer in this way: safety, reliability and cost-optimised solutions for numerous standard applications.

Main features:
- Profile main girder or box main girder with adjustable connectivity options at the end carriages
- Optimised electrical concept, prewired
- Reduced work of assembling because of less working steps
- Trolley power supply with energy chain minimized headroom compared with flat cable
- Radio remote control with two transmitters, receiver with magnets at the control panel
- Up to 12,5 t load, up to 28 m span
- Crane travelling, stepless, 32/8 m/min

Available options:
- Hook operated limit switch
- Visual and acoustic alarm
- Trolley limit switch, 2-step
- Anti-collosion device for crane bridge
- Crane horn
- Warning light
- Rechargable batteries with battery charger for the radio remote control
- Storage cabinet for transmitter
- Radio remote control for RadioMaster3
- Back-up pendant, tethered at the control panel
- Buffer extension for crane end carriages
