Big Square Lifting Bag 4487

Product information

Square tool liftingbag for heavy content constructed with heavy involvement from the wind turbine manufacturers. The tool bag is approved for lifting up to 400 kg.

Features:

- A dual velcro closing device makes the bag easy and secure to close.
- As part of the bag comes a foldable upright plastic insert to keep the walls of the bag in shape. The plates for this function are placed inside the bag.
- A solid plastic plate is placed inside the bottom of the bag for stability and optimal weight distrubution.
- A small polyester strap is placed in the corner of the velcro opening for easier access even when wearing heavy gloves.
- Hard bottom plastic cover to keep the bag in shape and extend the lifespan.
- The bottom cover is replaceable and can easily be replaced if needed
